Join us!

CoDEMO Project, Co-funded by the European Union via the EACEA (European Education & Culture Executive Agency).

The annual **CoDEMO 5.0 Innovation Event** is a dynamic platform where academic, industry, and student innovators meet to showcase forward-thinking projects aligned with the principles of Society 5.0. This year's event will spotlight the **International Student Innovation Award**, celebrating innovative project contributions from students of the six HEI partners across key focus areas: **sustainability, resilience, and human-centricity**.

Join us for engaging demonstration sessions, inspiring keynotes, and interdisciplinary collaboration that drives the future of innovation.

CoDEMO 5.0 aims to enhance **European innovation capacities** in the field of **value creation for 5.0 Organizations**. Utilizing the framework of a 5.0 Society, the initiative seeks to foster alignment between **Digital Innovation and Green Mindset**, facilitating the evolution of businesses from a 4.0 paradigm, primarily centered on digitalization and technology, towards a 5.0 focus, emphasizing **environmental sustainability, resilience, and human-centric approaches**.

The project aims to facilitate the seamless implementation of **collaborative value-creation** endeavors among socio-economic stakeholders, while also nurturing the development of novel innovative knowledge, skills, and competencies tailored for **5.0 decision-makers** across diverse sectors.
